Winery Brief

A tasting room like no other. Think Edward Scissorhands meets the Mad Hatter at the Moulin Rouge. Prepare to add some pizzazz to your life and taste estate-grown wines crafted in small lots to produce exciting expressions of Rhône varietals and blends, Cabernet Sauvignon, dry Rosé and a vintage-style Port wine.

The creative forces behind Clautiere Vineyard are Claudine Blackwell and Terry Brady. Since moving up to Paso Robles in July 1999, the couple has passionately rejuvenated and transformed a local ranch into a place of vibrant color and energy. The old farmhouse boasts a wild tasting room, gift shop, commercial kitchen and a theater space suited for special events. Outside are metal sculptures and 230 feet of metal fencing that Claudine has designed and welded to complete the ambiance.

Be prepared for some serious fun if you're planning a visit to Clautiere Vineyard.
